12 February 2009

Dear Shareholder

PROPOSED RIGHTS ISSUE AND NOTICE OF SPECIAL GENERAL MEETING

1. Introduction

We announced on 12 February 2009 that the Company proposes to raise approximately £200 million¹ (net of expenses) by way of a Rights Issue of up to 106,643,145 New Common Shares at 205 pence per New Common Share on the basis of 2 New Common Shares for every 5 Existing Common Shares. The Rights Issue is conditional upon the matters set out in section 3 of this letter.

The purpose of this document is to provide Shareholders with details of the Rights Issue, and to explain why the Directors consider the Rights Issue to be in the best interests of the Company and its Shareholders as a whole and to recommend that you vote in favour of the Resolutions to be proposed at the Special General Meeting, notice of which is set out at the end of this document.

2. Reasons for the Rights Issue and use of proceeds

The Directors believe that the current market environment offers good opportunities for Catlin. Whilst the loss of capital for the market as a whole has been significant and is resulting in a hardening market, Catlin produced an approximate break-even result even after allowing for a significant level of unrealised losses on its investment portfolio.

2008 was a challenging year for the insurance industry. The global economic turmoil caused many insurers worldwide to report sharp declines in investment returns and, in some cases, capital erosion. In addition, 2008 also saw an increased level of insured losses. The first half of the year saw a high level of 'single risk' losses, both weather-related and man-made, whilst Hurricane Ike in September 2008 caused an estimated US\$19 billion in total damage, making it the fourth most costly hurricane to affect the United States according to the National Hurricane Centre. 2008 was the second costliest year on record in terms of insured catastrophe losses, according to Swiss Re.

¹ The proceeds are based on the 255,166,529 existing Common Shares currently in issue and the assumption that: (i) no options are exercised under the Catlin Share Schemes and no warrants are exercised which result in the issue of further Common Shares between 11 February 2009 and 6 March 2009 (inclusive), being the latest practicable date prior to publication of this document and the expected record date for the Rights Issue; and (ii) all resolutions are passed in the Special General Meeting.

Altogether, it is estimated that US property/casualty insurers alone have lost US\$55 billion to US\$75 billion in capital during 2008 as a result of investment-related losses. In addition, property/casualty insurers and reinsurers worldwide sustained US\$50 billion in catastrophe-related losses in 2008.

These factors, combined with the extreme financial difficulties faced by some major competitors, have already caused the property/casualty reinsurance market to harden. Guy Carpenter's Global Reinsurance Review January 2009 noted that its global rate on line index, which measures global property reinsurance pricing, increased by 8 per cent. after two years of substantial declines.

Catlin has a proven record of raising and deploying capital profitably in a hard market. For example, following 2002, when Catlin raised US\$482 million in private equity capital, Catlin's gross premiums written increased by 98 per cent. between 2002 and 2004 with a return on average equity of approximately 22 per cent. in 2003 and 19 per cent. in 2004.

It is likely that the companies which will prosper in the new market environment will have a strong underwriting track record, a broad distribution capability and will be well capitalised. The extreme difficulties experienced by many of the leading market players are expected to lead to an increase in the use of the subscription market to place risk as parties become more cautious about insuring their risks with single entities. Against this background, the syndicated Lloyd's market is expected to benefit, due to the worldwide strength of the Lloyd's brand, its strong financial strength ratings and its position as a major player in the US surplus lines insurance market that could benefit from the financial problems suffered in the past year by other large participants.

Following the acquisition of Wellington Underwriting plc in 2006, Catlin owned the largest syndicate at Lloyd's in 2007, based on underwriting capacity. In addition, it operates through three other underwriting platforms and more than 40 offices worldwide.

The Directors believe that Catlin is one of the insurers/reinsurers which is well-positioned to take advantage of the hard market through its:

- breadth of service. Catlin has underwriting teams in place which write more than 30 classes of business, nearly all with lead capabilities;
- technical approach to underwriting management and pricing;
- broad geographic reach; and
- efficient capital structure, focused on a Bermuda reinsurer which has been operating since 2002, with capital deployed in well-established underwriting platforms at Lloyd's, in the UK and in the US as necessary.

Catlin aims to be well positioned financially to exploit the improving market conditions, to take greater advantage of its distribution network, to increase on a selective basis its risk appetite in high-margin areas and to acquire underwriting teams.

Catlin maintains its financial target of achieving a weighted average return on equity that is ten percentage points greater than the risk-free rate over a cycle.

Catlin's current capital resources are sufficient to fund its existing embedded growth. However, with a structural change in the market now under way, it is appropriate for Catlin to raise permanent capital to take advantage of the sustainable opportunities it sees ahead. The proceeds of the Rights Issue will build an economic capital buffer of 15 to 20 per cent. for the opportunities which are emerging. Catlin sees the potential for gross written premium growth of approximately US\$1 billion through 2011. This growth is expected to gather momentum in the period to 2011 against the backdrop of an attractive rating environment and using Catlin's existing infrastructure.

The proceeds of the Rights Issue, which will raise approximately £200 million² (net of expenses), will be invested by the Company following its investment guidelines. Catlin expects that the whole of the net proceeds of the Rights Issue will be eligible as capital for underwriting purposes and it will be deployed when suitable underwriting opportunities arise.

2 The proceeds are based on the 255,166,529 existing Common Shares currently in issue and the assumption that: (i) no options are exercised under the Catlin Share Schemes and no warrants are exercised which result in the issue of further Common Shares between 11 February 2009 and 6 March 2009 (inclusive), being the latest practicable date prior to publication of this document and the expected record date for the Rights Issue; and (ii) all resolutions are passed in the Special General Meeting.

3. Summary of the principal terms of the Rights Issue

Subject to fulfilment of the conditions set out below, the New Common Shares are being offered by way of rights to all Qualifying Shareholders (other than, subject to certain exceptions, Restricted Shareholders) on the following basis:

2 New Common Shares at 205 pence each for every 5 Existing Common Shares

held and registered in their name at the close of business on the Record Date. Entitlements to New Common Shares will be rounded down to the nearest whole number. Fractions of New Common Shares will not be allotted to any Qualifying Shareholders, but will be aggregated and sold in the market ultimately for the benefit of the Company. Qualifying Shareholders with fewer than 3 Existing Common Shares will not be entitled to any New Common Shares. The New Common Shares will rank for all dividends (with the exception of the 2008 final dividend) declared, made or paid after the date of allotment and issue of the New Common Shares and otherwise *pari passu* with the Existing Common Shares.

The Issue Price of 205 pence per New Common Share represents a 47.27 per cent. discount to the Closing Price of an Existing Common Share of 389 pence on 11 February 2009 (being the latest practicable date prior to the publication of this document) and a 35.58 per cent. discount to the theoretical ex-rights price based on that Closing Price. If a Qualifying Shareholder does not take up the offer of New Common Shares, his proportionate shareholding will be diluted by 28.57 per cent.

The Company has arranged for the Rights Issue to be underwritten to provide certainty as to the amount of capital to be raised. Such underwriting relates to all New Common Shares to be offered under the Rights Issue other than those offered in respect of Common Shares that (a) are in issue at the close of business on the Record Date but (b) are not comprised within the 255,166,529 Common Shares currently in issue. Prior to Admission, the underwriters may terminate the underwriting agreement in certain circumstances. After Admission, however, the underwriting agreement will not be subject to any right of termination (including in respect of any statutory withdrawal rights).

The Rights Issue is conditional upon:

- (A) the passing of the Resolutions at the Special General Meeting;
- (B) Admission becoming effective by not later than 8.00 a.m. on 11 March 2009 (as the second Dealing Day after the date of the Special General Meeting) or such later time and/or date (being not later than 16 March 2009) as the Company and the underwriters to the Rights Issue may agree;
- (C) the Company having applied to Euroclear UK & Ireland Limited for admission of the New Depository Interests to CREST as participating securities and no notification having been received before Admission that the same will be refused; and
- (D) the underwriting agreement otherwise becoming unconditional in all respects and not having been terminated prior to Admission.

Application will be made to the UK Listing Authority and the London Stock Exchange for Admission of the New Common Shares, nil paid, to take place on 11 March 2009. Application will also be made to Euroclear UK & Ireland Limited for the Nil Paid Rights to be admitted as separate participating securities within CREST.

Subject to certain exceptions, Restricted Shareholders are not eligible to participate in the Rights Issue and there will be no offer of Nil Paid Rights and the Prospectus and the Provisional Allotment Letter will not be sent or otherwise distributed to any Restricted Shareholder. Restricted Shareholders are, however, entitled to vote on the Resolutions to be proposed at the Special General Meeting.

Where an entitlement to New Common Shares or New Depository Interests is not taken up by a Restricted Shareholder, any premium over the aggregate of the Issue Price and the expenses of procuring acquirers shall be paid to such Restricted Shareholders pro rata to the relevant lapsed provisional allotments, save that no payment will be made of amounts less than £5.00, which amounts shall be aggregated and paid to the Company.

4. The Special General Meeting

You will find at the end of this circular a notice convening the Special General Meeting to be held at 11.00 a.m. (Bermuda time) on 9 March 2009 at Cumberland House, 6th floor, 1 Victoria Street, Hamilton,

HM11, Bermuda. A summary and explanation of the Resolutions to be proposed at the Special General Meeting is set out below.

Resolution 1 — To increase the Company's authorised share capital

The Company seeks Shareholder approval by way of an ordinary resolution, to increase the Company's authorised, but unissued share capital by the creation of a further 100,000,000 new Common Shares, which will represent an increase of 25 per cent. in the authorised share capital of the Company as at 11 February 2009, being the latest practicable date prior to the date of this circular. If approved by Shareholders, this will create additional share capital to be issued as part of the Rights Issue and allow the Company to retain sufficient authorised, but unissued, share capital for general purposes following the Rights Issue.

Resolution 2 — To authorise the Directors to allot the new Common Shares

The Company seeks Shareholder approval, by way of an ordinary resolution, to authorise the Directors to allot the New Common Shares created by the passing of Resolution 1 and, if approved by Shareholders, will allow the Directors sufficient authority to allot Common Shares for general purposes. The maximum aggregate nominal amount of Common Shares which the Company proposes to allot represents 46.67 per cent. of the total issued share capital of the Company as at 11 February 2009, being the latest practicable date prior to the date of this circular. This authority, if approved by Shareholders, will expire at the conclusion of the Company's Annual General Meeting in 2009.

Resolution 3 — To disapply pre-emption rights

The Company seeks Shareholder approval, by way of a special resolution, to give the Directors the authority to allot Common Shares for cash without the need to first offer such Common Shares to existing Shareholders. The proposed limit on the nominal value of Common Shares that may be allotted otherwise than in conjunction with the Rights Issue is \$178,617, which represents 7 per cent. of the issued share capital of the Company as at 11 February 2009, being the latest practicable date prior to the date of this circular. This authority, if approved by Shareholders, will expire at the conclusion of the Company's Annual General Meeting in 2009.

5. Action to be taken

5.1 Shareholders will find enclosed with this document a Form of Proxy for use at the Special General Meeting. Whether or not you intend to be present at the Special General Meeting, you are requested to complete, sign and return the Form of Proxy in accordance with the instructions provided on it to Capita Registrars, The Registry, 34 Beckenham Road, Beckenham, Kent BR3 4TU, as soon as possible and, in any event, so as to arrive no later than 3.00 p.m. on 7 March 2009. Completion and return of the Form of Proxy will not affect your right to attend and vote in person at the Special General Meeting.

5.2 Depositary Interest Holders will find enclosed with this document a Form of Direction which you may use to instruct the Depositary to vote the number of Common Shares in the Company represented by your Depositary Interests in a certain way in relation to the Resolutions. You are requested to complete, sign and return the Form of Direction in accordance with the instructions provided on it to Capita Registrars, The Registry, 34 Beckenham Road, Beckenham, Kent BR3 4TU, as soon as possible and, in any event, so as to arrive no later than 3.00 p.m. on 6 March 2009.

5.3 If you are in any doubt what action you should take, you should immediately seek your own financial advice from your stockbroker, bank manager, solicitor or other independent professional adviser duly authorised under FSMA who specialises in advice on the acquisition of shares and other securities. The Board's recommendation for the action you should take is set out in section 7 below.

6. Intentions of directors

The Directors who hold Existing Common Shares in the capital of the Company each intend to vote in favour of all of the Resolutions to be proposed at the Special General Meeting of the Company to be held on 9 March 2009 and which are set out in full in the Notice of Special General Meeting set out at the end of this document.

7. Recommendation

The Directors believe that the passing of the Resolutions and completion of the Rights Issue, for the purpose of raising funds which may be used by the Company in the future, is in the best interests of the Company and the Shareholders as a whole. Accordingly, the Board recommends unanimously that Shareholders vote in favour of all Resolutions to be proposed at the Special General Meeting of the Company to be held on 9 March 2009.

Yours faithfully
